The Outsider and the Other

At the core of Arbus?s photography is a profound empathy for those who live on society?s margins. Her portraits ask us to reconsider what ?normal? means. In a box of ten photographs, you might ?nd images of people whose appearances or lifestyles challenge conventional beauty or social norms. This theme invites viewers to confront their own biases and engage with the subject?s humanity.

Intimacy and Vulnerability

Unlike candid street photography, Arbus?s portraits are deeply personal. She often formed relationships with her subjects, allowing their true selves to emerge. This compositional choice creates a sense of immediacy and connection, drawing you into the photograph.

Natural Lighting and Direct Flash

Many of Arbus?s portraits are characterized by stark lighting, sometimes using natural light and sometimes using direct ?ash. This approach strips away distractions and highlights the textures and details of her subjects? faces and surroundings, emphasizing authenticity over glamour.

Uncompromising Composition

Arbus?s photographs often feel confrontational, with subjects looking straight into the lens. Historical Signi?cance and Artistic Approach

Diane Arbus emerged in the 1960s as a photographer who rejected staged glamour in
