

THE NATIONAL DRUG STRATEGY 2010 2015 Study Guide

The national drug strategy 2010?2015 was a comprehensive framework developed to address the complex issues related to drug abuse, addiction, and its socio-economic impacts within the country. Launched by the government in 2010, this strategy aimed to reduce the demand for illegal drugs, control supply, and enhance treatment and rehabilitation services. It represented a multi-faceted approach that recognized the importance of prevention, enforcement, treatment, and research, emphasizing collaboration between various sectors including health, law enforcement, education, and community organizations. Over its five-year span, the strategy sought to create a safer society, promote healthier lifestyles, and reduce the negative consequences associated with drug misuse.

Background and Rationale

Prevalence of Drug Abuse

The early 2000s saw a rising trend in drug consumption, with increased reports of substance misuse across various demographics.
