Sample Middle School Argumentative Essay

Below is an example of a well-organized middle school argumentative essay on a common NJ ASK topic: school uniforms.

Prompt: Do you think students should be required to wear school uniforms? Support your answer with reasons and examples.

Sample Essay

Introduction:

Many schools around the country are deciding whether students should wear uniforms. I believe that school uniforms should be required because they promote equality among students, help reduce peer pressure, and create a safer school environment.

Body Paragraph 1:

First, school uniforms promote equality. When all students wear the same clothing, there is less chance of students being judged or bullied based on what they wear. This helps students focus on their studies instead of worrying about fashion trends or peer opinions. For example, at my school, students in uniforms seem more united, and there are fewer conflicts over clothing choices.

Body Paragraph 2:

Second, uniforms reduce peer pressure. Many students feel pressured to wear expensive or trendy clothes to fit in. Wearing uniforms eliminates this pressure because everyone wears the same outfit. This makes students feel more comfortable and confident, which can improve their academic performance and overall happiness.

Body Paragraph 3:

Finally, school uniforms can improve safety. When students wear uniforms, it is easier for school staff to identify outsiders or unauthorized individuals on campus. This helps keep students safe. For instance, during school events, uniforms make it easier for teachers to spot visitors or intruders quickly.

Counterargument and Rebuttal:

Some people argue that uniforms restrict students' freedom of expression. While it's true that students can't express themselves through clothing, they still have many ways to show their personality through hairstyles, accessories, and personal interests. The benefits of uniforms outweigh this minor limitation.

Conclusion:

In conclusion, requiring school uniforms can promote equality, reduce peer pressure, and enhance safety. For these reasons, I believe that schools should implement uniform policies to create a better learning environment for all students.
