The Origins of Basketball: How It All Began

Basketball was invented in December 1891 by Dr. James Naismith, a Canadian physical education instructor. The original game had 13 basic rules, which set the foundation for modern basketball. For example, players weren?t allowed to run with the ball, and the ?rst games had nine players on each side, quite di?erent from the ?ve-player teams today. The peach basket used as a goal had no holes at the bottom, so the ball had to be retrieved manually after each score, which slowed the game down considerably.
